

Cosmetic Bootcamp
Regional University 2017
November 11, 2017
Boston

This activity is jointly provided by Medical Education Resources and Cosmetic Bootcamp.

This activity is supported by educational grants and/or in kind product donations from

Allergan, Inc.	Galderma Laboratories, L.P.	Merz North America, Inc.
----------------	-----------------------------	--------------------------

Target Audience

This activity is intended for Residents and Fellows enrolled in a program within one of the core specialties (Dermatology, Plastic Surgery, Ophthalmology and ENT) as well as board certified core aesthetic physicians.

Statement of Need

Cosmetic Bootcamp offers a method of supplemental education and to provide exposure to real-life situations and treatments. The meetings will also offer consolidated opportunities for attendees to hear from and dialogue with seasoned and highly-regarded physicians in their own fields. Cosmetic Bootcamp is dedicated to fostering a community of aesthetic physicians who draw upon each other's experiences, challenges and resources.

Program Overview

Cosmetic Bootcamp Didactic and Live Technique Symposium is a symposium that will review the mechanism of action, technical considerations and patient consultation recommendations for using various aesthetic treatment modalities including fillers. Lasers in aesthetic practice will also be discussed alone, and in combination therapy with fillers. Practice management will also be a significant component of the meeting and will be addressed in a series of presentations and discussions.

Didactic lectures and live patient demos will provide a well-balanced overview of aesthetic procedures.

Learning Outcome

To update training as necessary to learn how to implement safe practices into new and emerging techniques and technologies.

Educational Objectives: After completing this activity, the participant should be better able to:

- Demonstrate an understanding behind the science of available injectable materials such as: hyaluronic acids, collagens, dermal fillers, deoxycholic acid, and neurotoxins
- Explain the science behind and differentiate between the available laser and light treatments available
- Demonstrate a preliminary understanding of the necessary steps to evaluate an aesthetic patient and recommend possible treatment options.
- Explain the science behind and differentiate between the available light and laser devices.

Physician Credit

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of Medical Education Resources (MER) and Meeting Designs, LLC. MER is accredited by the ACCME to provide continuing medical education for physicians.

Credit Designation

Medical Education Resources designates this live activity for a maximum of **4.25 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

American Academy of Physician Assistants

AAPA accepts certificates of participation for educational activities certified for Category I credit from AOACCME, Prescribed credit from AAFP, and *AMA PRA Category 1 Credit(s)™* from organizations accredited by ACCME or a recognized state medical society.

Nursing Credit

Medical Education Resources is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.

This CE activity provides **4.25** contact hours of continuing nursing education.

Provider approved by the California Board of Registered Nursing, Provider Number 12299, for **4.25** contact hours.
